

**Revision of documents, requirements, regulations, and conditions for laboratory accreditation
of the Bureau of Laboratory Quality Standards**

Since the Bureau of Laboratory Quality Standards, Department of Medical Sciences' quality documents, requirements, regulations, and conditions have been revised for laboratory accreditation of the Bureau of Laboratory Quality Standards to comply with the requirements of ISO/IEC 17011: 2017 of the accreditation body.

The Bureau of Laboratory Quality Standards (BLQS) therefore would like to notify the draft documents, requirements, regulations, and conditions for laboratory accreditation of the BLQS for acknowledgment and comments. The BLQS will collect useful comments to improve the document for further promulgation.
