

**Action Plan for Driving WHO CC Activities (Year 2025)**  
**Bureau of Laboratory Quality Standards (BLQS), Department of Medical Sciences, Ministry of Public Health**  
**(WHO Collaborating Centre for Strengthening Quality Systems in Health Laboratories – THA-92)**

**Objective:**

To drive the operations of BLQS to ensure continuous operations according to the TORs with WHO.

**Scope:**

Provide technical assistance to Member State laboratories, especially in Southeast Asia and at WHO's request. The providing scopes are as follows:

1. Strengthening quality management systems
2. Technical support to develop training materials and provision of training sessions on quality management systems in laboratories to improve laboratory QMS implementation
3. Support validation, calibration of equipment and quality control of test kits/in-vitro diagnostics

**Duration:**

January 2025 to April 2028

**Budget and Resource:**

- BLQS supports personnel resources and training materials.
- Participating laboratories are responsible for travel and accommodation expenses.

**Expected output:**

- Member State laboratories are enabled to provide high-quality, people-centered health laboratory services.
- The capacity of collaborating networks in Member States' quality systems is strengthened, and the quality assurance of safe health services is improved.
